THE OLD AND THE NEW.

"Among the articles received by the Washington Sanitary Commission, lately, was a good and patriotic old lady's tribute, to be laid on the altar of her country, bearing this inscription: 'These socks were spun and knit by Mrs. Zeruah Clapp, 84 years old, whose hands in youth were engaged in moulding bullets in the Revolutionary War. *Keep the toes of these socks toward the rebels.*'"

"Keep the toes of these socks toward the rebels!"
Each stitch is a link to the past.
When the bolts of a heavy oppression
'Gainst freedom's new temple were cast:
But those clouds rolled away in the glooming,
And Peace set her bow in the sky,
And the azure of hope stretched its arches
O'er the spot where the tempest swept by:
Never thought of defeat
Clogged our forefathers' feet,
As they followed full hard on the Briton's retreat.

"Keep the toes of these socks toward the rebels!"
A new storm is howling to-day:
But the flag, with its stars, still is blazing,
Our pillar of fire in the fray:
The heavens are bowed with new thunder,
Swart blackness has shrouded the blue:
And the blossoms are wet, in the meadows,
And red, with war's death-dripping dew,
But no thought of defeat
Clogs our patriot feet,
As we rally to follow the rebels' retreat.

"Keep the toes of these socks toward the rebels!"
Gaunt treason's foul rag is unfurled,
Where our standard long since kissed the sunlight,
The hope of a crown-wearied world!
Ho! forth with our glorified banner!
Bear it back to its place 'mongst the stars!
And on! till an ocean of freedom
Submerges the "Stars and the Bars!"
Let no thought of defeat
Clog our weariless feet,
As we follow, red-handed, the rebels' retreat!

"Keep the toes of these socks toward the rebels!"
There's fateful disgrace in delay;
No lingering look to the hearth-stone;
On! on! is the watchword to-day!
What is death to a people's dishonor!
What were life 'neath a vandal control!
"On! on!" shouts the voice of the nation,
"God speed you to victory's goal!
Let no thought of defeat
Clog your gathering feet,
As ye crowd, with your legions, the rebel retreat!"

"Keep the toes of these socks toward the rebels!"
Tho' between roll the river of death,
And the blasting sirocco of conflict
Sweep on, with the pestilent breath!
Soon, behind the grim peaks of disaster,
A new sun of freedom shall rise,
And the midnight and murk of oppression
Be chased from our purified skies!
Oh! no thought of defeat
Clogs our fetterless feet,
As we follow, victorious, the rebels' retreat!

## Miscellany.

THE LITTLE PEDDLER

One rainy afternoon in the earliest part of autumn, I heard a low knock at my door, and upon opening it found a peddler. Now peddlers are a great vexation to me; they leave the gates open; they never have anything I want, and I don't like the faces that belong to most of them, especially those of the strong men who go about with little packages of coarse goods, and I always close the door upon them, saying to myself—lazy.

This was a little boy, and he was pale and wet, and looked so cold I forgot he was a peddler, and asked him to come in by the fire. I thought he appeared as though he expected I was going to buy something, for he commenced opening his tin box; but I had no such intention. He looked up in my face very earnestly and sadly when I told him to warm himself by the fire, and did not wish to purchase anything. He rose slowly from his seat, and there was something in his air which reproached me, and I detained him to inquire why he was out in the rain. He replied:

"I am out every day, and can't stay in for a little rain; besides, most pedlers stay at home then, and I can sell more on rainy days."

"How much do you earn in a day?"

"Sometimes two shillings, sometimes one, and once in a while I get nothing all day, and then, ma'am, I am very tired."

Here he gave a quick, dry cough, which startled me.

"How long have you had that cough?"

"I don't know ma'am."

"Does it hurt you?"

"Yes, ma'am."

"Where does your mother live?"

"In heaven, ma'am," said he unmoved.

"Have you a father?"

"Yes ma'am, he is with mother," he replied in the same tone.

"Have you any brothers or sisters?"

"I have a little sister, but she went to mother about a month ago."

"What ailed her?"

"She wanted to see mother, and so do I, and I guess that's why I cough so."

"Where do you live?"

"With Mrs. Brown, on N—— street."

"Does she give you any medicine for your cough?"

"Not doctor's medicine—she is too poor, but she makes something for me to take."

"Will you take something if I give it to you?"

"No, ma'am, I thank you! mother took medicine, and it didn't help her, though she wanted to stay, and you see I want to go: it would not stop my cough. Good day, ma'am.

Wait a minute," I said, "I want to see what you carry."

He opened his box and for once I found what I wanted. Indeed, I didn't think it would have mattered what he had, I should have wanted it; the little peddler had changed in my eyes: he had a father and mother in heaven, and so had I. How strange that peddlers had never seemed like people—human soul-filled beings, before. How thankful he was, and how his great sunken blue eyes looked into mine when I paid him.

"You don't ask me to take a cent less," said he, after hesitating a minute. "I think you must be very rich."

"Oh, no," I replied, "for I am far from that; and these things are worth more to me now than I gave you for them. Will you come again?"

"Yes, ma'am, if I don't go to mother soon."

"Are you hungry?"

"No, ma'am, I never feel hungry now: I sometimes think mother feeds me when I sleep, though I don't remember it when I am awake. I only know I don't wish to eat now, since my sister died."

"Did you feel very sad, then?"

"I felt very big in my throat, and thought I was choked, but I didn't cry a bit, though I felt very lonely at night for a while, but I'm glad she's up there now."

"Who told you, you were going to die?"

"Nobody; but I know I am. Perhaps I'll go before Christmas."

I could not endure that, and tried to make him stay, but he would run and tell Mrs. Brown what good luck he had met with. He bade me good day again cheerfully, and went out into the cold rain, while I could only say:

"God be with you, my child!"

He never came again, though I looked for him every day. At length about New Year's I went to the place he called home. Mrs. Brown was there: but the little pilgrim's weary feet were at rest, and never more would his gentle knock be heard at the door of those who, like myself, forgot the necessity and stern want that often send about these wanderers from house to house; and their employment might be far more agreeably to them than annoying to us.

CURE FOR PIN WORMS.

DR. E. G. GOULD'S

PIN WORM SYRUP

Is the first and only remedy ever offered to the public for the effectual removal of the Ascarides, or Pin Worms, from the human system. The high reputation it has established in the last two years, and the fact that it is fast superseding all other worm remedies, is the best test of its great rebellion.

It affords Relief in twenty-four hours and an Entire Cure is warranted

when taken according to directions, which accompany each bottle.

This Syrup is also a most valuable family cathartic, to be always used when physic is required, especially for children. It corrects the secretions, gives tone to the stomach and bowels, assisting nature in her efforts to restore health. It is purely of vegetable extracts, and always safe and reliable.

## THE ENROLLMENT BILL.

As this important bill has passed the Senate already, and may pass the House and become a law, by the signature of the President, before a long time, we give our readers a synopsis of all its principal features. It includes all classes, not excepting the clergy. The excempts are few and far between—including those mentally or physically unfit, the Vice President, heads of Executive Departments, United States Judges and Governors of States. These are all the official exemptions. The following compendium we take from the *Boston Post*:

Mr. Wilson's bill which passed the Senate on Monday night, provides, as regards enrollment, in substance as follows:—All able bodied male citizens, and those who have declared their intentions to become such, or have exercised the right of suffrage, between the ages of 20 and 45 years, constitute the National forces of the United States, and are liable to perform military duty when called out by the President. The exempts are those who are physically or mentally unfit, the Vice President, heads of Executive Departments, United States Judges, Governors of States, only son of an indigent widow, or infirm parent, or one such son, where there are two or more, to be selected by the parent, also the only brother of orphan children under twelve years, also the father of motherless children of the same age; and where two of a family are in military service, the remainder of such family, not exceeding two, shall be exempt. No person convicted of felony shall be enrolled or permitted to serve. The National force not now in service is to be divided into two classes, the first class embracing all between twenty and thirty-five years of age, and all unmarried men between thirty-five and forty-five years of age. The second class embraces all the others and will not be called into service until after the first class. For convenience of enrollment, districts are made corresponding with the Congressional districts, in each of which the President appoints a Provost Marshal, with rank and pay of Captain of Cavalry; or he may detail an officer of similar rank who shall have a Bureau in the War Department, and shall make the needful rules and regulations for carrying out the provisions of this act. These Marshals are to arrest deserters, report treasonable practices, and detect spies, &c. In each district there is to be a Board of Enrollment, consisting of the Provost Marshal and two other persons, appointed by the President, one of whom is to be a physician and surgeon. This board shall divide the district into convenient sub-districts and perfect an enrollment once in each year, each class to be enrolled separately. Persons thus enrolled are subject for two years to be called into service to serve for three years or during the war, on the same footing with the present volunteers, advance pay, bounty money, &c., included. When necessary to make a draft, the President shall indicate the number for each district, taking into consideration the number already furnished since the beginning of the war, so as to fairly equalize the burden; the enrolling officers shall then make the draft with 50 per cent. addition, and within ten days serve notices upon the drafted men. Substitutes may be furnished, or commutation made not to exceed three hundred dollars, at the discretion of the Secretary of War. Any person drafted and failing to report, or furnish a substitute, or pay his commutation, shall be deemed a deserter and subject to immediate arrest. The bill provides for the proper surgical examination of drafted men, and the punishment of surgeons who receive bribes. When the draft is finished, all those not taken are allowed travelling pay to their homes. Those who furnish substitutes are exempt for the entire time of the draft, and the substitute has the same pay, &c., as though originally drafted. The bill also provides that volunteers now in service who re-enlist for one year shall have a bounty of \$50—one half paid down; those who enlist for two years receive \$25 of the regular \$100 bounty. There are also provisions for the consolidation of skeleton regiments; also that Generals in the field may execute court-martial sentence against spies, deserters, mutineers or murderers, without reference to the President; court martial may reduce absentee officers to the ranks; clothing, arms, &c., shall not be sold, pledged or given away, and may be taken wherever found in illegal hands; persons who entice soldiers to desert, or harbor them, or buy their arms or uniforms, and ship captains or railroad conductors, who knowingly convey deserters, may be fined \$500 and imprisoned from six months to two years. Any person who resists a draft, or counsels others to do so, or dissuades them from [illegible] military duty, shall be summarily [illegible] locked up until the draft is finished, tried by a civil court, and fined \$500 or imprisoned two years or both. The President on the passage of this act shall issue a proclamation recalling absentees from the army, who may return without punishment within the time instructed, except the forfeiture of pay for time of absence; those who do not return [illegible] deserters. Officers absent with leave, [illegible] disease or wounds, receive half-pay; [illegible] without leave, no pay at all.—[illegible] other provisions, but chiefly of de[illegible] particularly important.

### The Marquis.

There has been much talk of late in reference to the wearing of a secesh badge by an English nobleman, now on a visit to this country, and the attempt of a young American present to involve the said Marquis in trouble on account of it. The affair occured at Mr. Belmont's, at a masquerade, at his house on Fifth avenue, N. Y., on Tuesday evening last. We give below, two reliable and interesting accounts of the circumstances of the affair:

(From the N. Y. Times, 21st.)

Two or three of the city journals have referred to an incident said to have occurred at a masquerade in the Fifth avenue, on Tuesday night, in terms calculated to convey an erroneous impression. We have received from a perfectly reliable source a statement of the facts in the case, which, in justice to the parties concerned, should be made public. The Marquis of Hartington, who is spending some months in the United States, came to the party with his friend Col. Leslie, and was seen by the host and many guests on his arrival, when he wore no badge of any kind. During the evening, and while the ladies were still in domino, a lady, then and still unknown to him, came up to him and pinned a secession badge on his coat, asking him to let it remain there. He looking upon it as an innocent jest, took her arm and walked from the foot of the staircase across one room, when he was met by his friend Col. Leslie, who, upon seeing the secession badge upon his breast, asked him to take it off, which the Marquis at once did, notwithstanding the entreaties of the fair unknown that he should keep it there. She then left him; and while he was walking with another lady, a gentleman who had seen the badge before on his coat, and supposed it still to be there, pushed up against him, when they exchanged some few words upon the subject. The matter was satisfactorily explained the next morning between the parties interested. From this statement it is clear that the references made to this occurrence in some of the public prints are entirely incorrect, and have done gross injustice to a stranger, who from his personal character, as well as from his position, is entitled to the hospitable consideration of our people. The Marquis did not wear the objectionable badge on his arrival, and it had been removed at the suggestion of his own friend, before the young American had taken upon himself to correct a supposed insult to the party assembled, which in any event, it would have been wiser in him to bring to the notice of the host.

(From the New York Leader.)

The facts of the case are simply that a young fellow, whom acquaintances familiarly call "Johnny Heckeher," seeing a suspicious looking bit of ribbon in the coat of Lord Hartington, and imagining it to be a symbol of secessionism, felt himself called upon to be indignant, and, instead of speaking to Mr. Belmont about it, took it upon himself to resent the assumed affront. He brushed up against his lordship, but not exciting any attention he repeated the act, whereupon Lord Hartington said, "You seem to have done that on purpose?" To which Johnny H. replied that he did. His lordship asked for an explanation, and the indignant young patriot replied that his lordship was sporting a secession badge. The astonished nobleman said he was not aware of it; that a lady with whom he had danced pinned a piece of ribbon upon his coat, but he did not know what it was, and at once took it off. That was the whole affair, out of which the Herald made such a tremendous story. The action was quite unnecessary on the part of "Johnny," and if he is a fair representative creature whom Bull Russell encountered at the same house, it is not to be wondered at that he formed so unfavorable an opinion of our *jeunesse doree*.

Apropos to his lordship. When he visited Washington, last fall, he was presented to the President, who did not at first hear his title.

"What is the gentleman's name?" asked the President.

"Lord Hartington," replied the British Minister.

"Oh! ah!" said Old Abe; "Hartington, that rhymes to Partington."

Lord Hartington is a descendant of that Duchess of Devonshire, celebrated both for her beauty and her wit, who is renowned for her taking the stump at Westminster in favor of Charles James Fox, when he was a candidate for Parliament, and having shown her patriotism and her zeal by permitting a butcher to kiss her as a condition of his voting for her candidate.

### Another Voice to the Copperheads.

We have another voice to publish to-day from the loyal men in arms for the maintenance of the Government, which is intended as a rebuke to the copperheads of Connecticut. It is a letter from Col. Wm. G. Ely, of the 18th Conn. Regiment.—We are glad to see these evidences of the rejection any ignoble sympathy for a disgraceful compromise:

"I am surprised that the people of Connecticut are becoming contaminated with the fickle and cowardly spirit now manifested in various sections. Let the people of the North shrink from the contest in which we are now engaged, and bitter will be their disappointment.

In place of *thanks* from the thousands of soldiers now in the field, for the withdrawal of their support to this war, the *curses* of the brave will ring in their ears, demanding, Why do you insult us by doubting our ability? What revenge have we for our comrades slain? What has become of your boasting that when we were immolated upon the altar of our country, *more* young men—men in the prime of life—venerable men—would spring forth at your country's call to avenge our death and vindicate the spirit of your revolutionary fathers?

Let the North falter now, and at some future day, not far distant, call again for men to protect their firesides and interests—who will answer?

*Now*, more than ever, is the time to fight. It is an hour when the weak and timid shudder, but when Spartan spirits, by vigorous efforts, can accomplish brilliant and permanent results.

I trust that loyal men at home will not be zealous in their efforts to keep the courage and confidence of the people alive, and to bring shame upon the cowardice which would destroy our nationality, and leave us a vanquished people, destitute of national or personal pride."

### Prenticeana.

*From the Louisville Journal.*

The only way to get a just and honorable peace is to fight for it. So stand forth, ye peace-men, with those goodly peace makers, the musket and bayonet.

A correspondent says that one of the amusements of the rebel army on the Rappahannock is Ethiopian minstrelsy. The poor fellows can readily find "bones" enough.

We are not betting men, but we will bet Louis Napoleon a trifling wager that we conquer the rebel Confederacy before he conquers Mexico. And Victoria may hold the stakes.

Whatever any man or woman has of property or security must and will sink or swim with the Federal Union.

What will Confederate notes be at the end of the war when the law that makes them a legal tender shall have ceased to operate; Answer us that, ye Kentucky blockheads, who are so anxious to get our State into the rebel Confederacy.

Why do not those Kentucky demagogues who sympathize with the rebellion go down and fight for it, instead of staying here and wearing the cloak of Democracy in order to conceal, in the fashion of Spanish and Italian bravos, their weapons and their faces till they can see a chance to strike a treacherous and murderous blow? Begone, ye traitors and cowards, where ye know ye belong.

What sense is there in the proposal of the French Emperor that the United States and the Southern Confederacy shall appoint Commissioners to meet and try to arrange the conditions of peace? Does not everybody know, that, if the proposition should be accepted by both parties, the United States Commissioners would go instructed to insist on the restoration of the Union as a *sine qua non*, and the rebel Commissioners would be instructed to insist on a permanent separation as a *sine qua non*.

### Local News Items.

The Wrecked Schooner.—The schooner Target now ashore near Beaver Tail Light, is owned by Jones Smith & Co., in New York, and is of nearly 100 tons burthen. She is badly stove through her bottom and bilged when she struck on Kettle Bottom Rock. Mr. John Coggeshall one of the agents for the Underwriters informs us that should wind and weather prove as favorable as it is, for the space of twenty-four hours longer, they will succeed in getting her raised and afloat by the use of casks, and will bring her in here for repairs.

She is represented as being a very fine vessel, and well worth some labor and expense. Every thing seems now most favorable for success.

Special Court of Justices.—At a special session of the Court held to-day at 10 o'clock a.m., the two brothers Isaac Walsh and Henry Walsh, were arraigned for stealing from the store of Patrick C. Shannehan, on Poplar Street, in this city.

Upon the reading of the complaint, Isaac pleaded guilty and Henry, not guilty. Henry, upon being asked by the Court, whether he was ready for trial, said that he was not, his counsel being absent. Whereupon, the counsel for the prosecution agreeing, the examination of Henry Walsh and the sentence of Isaac, were continued until the next regular session of the Court on Friday next, at 10 o'clock a.m. Wm. D. Lake for the prosecution.

Hon. Lewis Cass.—This venerable gentleman, who arrived here from a visit in Providence, on Saturday last is still in town, a guest of Henry Ledyard Esq., his son-in-law. We wish that his health was such as to permit him to have an opportunity of gratifying our citizens by a public reception. Gen. Cass has been a democrat throughout life of the old school, yet, from the moment of the inauguration of this rebellion, he has exhibited the most exalted loyalty to the Union—and in methods not to be looked for in a man past even *fourscore and ten*.

War Songs for Freemen.—This is the name of a little book of *genuine* songs, intended for the better educated of the army. They are of a higher order than those of the ordinary publications. The music too is of a higher order. Some of these we believe are translated from the German, and set to solid German music. They are for sale at the stores C. E. Hammett Jr. and A. J. Ward. The proceeds from the sale are not to go into the pocket of any one as profit, but to be used in circulating the little volume. The songs are stirring and patriotic, and well calculated to arouse the ardor of freemen.

The First Herring of the Season.—On Saturday last two Newportonians caught a mess of herring in the Creek that flows from Easton's Pond, on the East end of our first beach. These are decidedly the first of the season—and Newport has come to time in this respect so as to place competitors outside the ring. Taunton! Edgartown! where are ye? Look to your laurels. Can it be possible that you have been beaten in the matter of herrings? Mercy on us! *Taunton, Good Lord.*

The Great Enrollment.—In the synopsis of this bill which we give to-day in our Editorial column, it will be seen that the Senate have set the noble example of refusing to exempt themselves. What a glorious conception this! The actual enrollment of an entire people, with virtually the fewest exemptions that can be made. It is a most remarkable measure—one at which blundering and blustering foreigners may well look and learn, and domestic traitors, look and beware.

Notice.—We invite attention to the advertisement of a meeting of colored citizens at the State House to-morrow evening, for the purpose of hearing addresses, and procuring the enlistment of colored soldiers for the Massachusetts regiment now being raised by Gov. Andrew.

### New York Correspondence.

New York, Feb. 23, 1863.

*To The News*:—We awoke this morning under a huge snow mantel. Yesterday, all the day, fast and thick came the snow flakes, closing our streets, heaping a white, soft band upon Nature, desolating the churches, making the indoor life preferable to the without. To-day the first jingle of the sleigh-bells of the winter greets us. The weather is mild, sunny, and agreeable. The snow of deep but not durable. So the sleighs are dving along to make the most of the treat.

Yesterday in many churches sermons were preached in reference to the birthday of Washington. On Saturday afternoon and evening festivals were given at the various societies—dinners, with patriotic songs and toasts and speeches; vows given to Liberty; Union drank with hearty good spirit, commemorations of the Father of His Country, earnest wish and word for honorable peace with purpose accomplished. To-day we have had salutes, the sweet ringing of the Trinity chimes, parades of the old soldiers of 1812 and some city regiments, and a manifestation on the part of the public to to give some portion of its time the celebration of the occasion. It is well and healthy to hold fast to these holidays—these pleasant remembrances, and be cheered and warmed even by them. Our love of country and government should be increased, by remembering the fervency and continuance of His love whose natal-day we honor with national celebration. It should make our hearts bolder and more trusting when we consider His trust and zeal, even when the hour of His day was dark and gloomy. He had traitors to contend with—false souls even around him. It is our fate to hear the the whispers of disloyalty; and the hot, poisonous breath of Northern-secession. But, as He took a stronger nerve from the doubt and faint heartedness and disloyalty of His day, so we must, and bear up with our strength and our fealty this cause which it is our duty and our mission to continue, until we can leave it safe in the hands of success. Say to the Satan—Compromise and Resistance—begone! And in place of misgivings, put faith and give loyal work.

The St. Nicholas has changed managers. Messrs. Spotts and Hank are announced to be in possession for the ensuing five years. The hotel is good property. It pays. It furnishes comfort and luxury. It is mostly occupied by strangers of means; and its fine situation convenient to all places of amusement, and in the midst of the fashion and splendor of Broadway, makes it desirable. It is a world within doors, an array of servants hosts of guests, the bustle incident, make up an animated scene.

Saint Valentine has met a warm reception this year. Strong, the extensive dealers in Valentines, says the trade has been very brisk. The day and the affair is pretty thoroughly kept here. The letter carriers, who don't receive pay for city letters, have had a world of running to do since the fourteenth. Cupid sends many winged arrows this month. It is quite a sight to see the crowds—all classes—thronging the dealers in Valentines, and selecting these fanciful tokens. New England has given the cold cut to the eastern, but New York is enthusiastic yet.

General Wool, with a portion of his staff, has gone East to examine the defences of that portion of his department. He pays Newport and Providence a visit before returning. The old faithful soldier richly merits civil and military compliments. Give them to him, his heart is for country, and his hand and might for duty!

Miss Laura Keene is soon to retire from the management of her cosy theatre, and perhaps to private life. Her very successful seasons of the "American Cousin," and the spectacle piece of the "Seven Sisters" has put much money in her purse. In fact for a year or two past her theatre has been extremely popular. The lady is one of the most charming and natural actresses on the boards, and her retirement will be a great loss to the profession. She has lately purchased a fine estate in the city. Mrs. John Wood, now playing at Miss Keen's Theatre, and Joe Jefferson, the favorite Commedian of New York, are to be the successors.

### Our Army Correspondence.

Camp at Newport News Va.
7th Regt., R. I. Vols., Feb. 19 1863.

*Dear News*:—My last was written at our old camp near Falmouth in front of Fredericksburg which we left Monday the 9th inst., being ordered to this post with the 9th Army Corps.

Our journey here, with the exception of the short distance from camp to the Falmouth Depot was very pleasant, by rail to Acquia Creek, thence by steamers to the wharf, when landing we marched about one mile to our present location which, contrasted with the deep adhesive mud of Fredericksburg and vicinity, is a great improvement.

We are a short distance from the banks of the James river where our men can enjoy the agreeable proximity to salt water, dry sandy soil, plenty of oysters and, in their season, fresh fish.

The day we left our last camp, the Schooner Elizabeth and Ellen freighted with vegetables and boxes for the Rhode Island troops arrived at Acquia Creek, finding the 4th, 7th and 12th regiment had come here she followed us, and has been discharging her cargo until this afternoon, and will return to Acquia Creek to-morrow to deliver that portion destined for the 2d Regt., the Cavalry, and the R. I. Batteries, which are not attached to our 9th Army Corps.

A Captain Manchester of Providence came out in the schooner to attend to the equal distribution of the cargo, and strange to see in doing so, and dividing the barrels of apples, he has, in several instances, allotted, barrels containing boots, shirts and other clothing belonging to private individuals, as apart of the apples properly belonging to this regiment. These barrels were plainly marked with the name of the person for whom they were intended, and in cases where they may not reach their destination, both they who sent them and those expecting, will be disappointed. The vessel was a long time on the passage, having left Providence on the 12th of January. Most of the cargo came out in fine order, but nice cabbages stowed below hatches did not survive the voyage, heaps of potatoes, turnips, onions, beets and carrots made the quarters of the Quartermaster look more like a vegetable depot than a camp scene.

One unfortunate pig destined by loving hearts to make glad the countenances of dear friends, away from home, was confined for too long in a close box, and had to be given up by his anticipating, but disappointed friends.

No sooner had we left the Army of the Potomac than the rebels bethought them that it would be a good time to cross the Rappahannock and learn by actual seeing how many Yankees had really gone, but in their attempt they were met by a few of the thousands yet, left behind under Gen. Hooker and took the back track with the loss of several in killed and wounded. No doubt we shall soon hear of our troops doing good service in that vicinity.

The fates seemed to be against our favorite Gen. Burnside and the continued rains accompanying his last movement and the muddy roads were enough to discourage any one.

We have experienced a great improvement in the Sanitary condition of our regiment coming here and I trust will long enjoy it.

On my way to Fortress Monroe this afternoon I had the great pleasure of meeting Mr. David Gould who with his son Edward had been out to camp to see me, I almost fancied myself in Thames Street. I had previously been on board the Brandywine and had been very kindly received by Capt. Tetton and his nephew Mr. L. DeJongh. There are numberless points of interest in this vicinity, some of which I shall notice in my next.

*An English Booby.*—The Transcript learns that Martin Farquhar Tupper, the author of "Proverbial Philosophy," wrote a short time ago to a prominent Senator of the United States, entreating him to exert his influence with the President to prevent the latter from using the *guillotine* which he had imported for decapitating the rebels. —*Boston Herald.*

This same "booby" Tupper is the author of some very long-legged lines of mad prose on stilts, and it would have been a god-send to readers as well as publishers, if the guillotine had been applied to these long-legged Alexandrians of a crazy philosophy, so as to have "cut off their tales close up to their heads." Guillotine indeed, the snivelling, crazy-headed *proverbial* "booby."

### GENERAL ASSEMBLY.

JANUARY SESSION.

Tuesday, Feb. 24.

House.

The House met at 10 o'clock, the Speaker in the chair.

A communication was received from the Quartermaster-General in response to a resolution of the House, stating that no bounties have been paid from that office. The communication, was ordered to be placed on file.

A communication was received from the Paymaster-General, also, in response to a resolution inquiring what officers of the 11th regiment had received bounties, and by what authority such bounties were paid. Gen. Knight reports:

"That the bounty was paid to *members* of the Eleventh Regiment under General Order No. [illegible] upon the certificates of the Commissioners that they were *enlisted* and sworn in according to law, which law, enacted by your honorable body on the first day of September, 1862, (an attested copy of which is on file in this office) provides that "*each person* who shall *enlist* in the service of the United States as a volunteer, for a period of nine months under the call of the President of the United States for 300,000 men, dated August 9th 1862, shall be paid the sum of one hundred and fifty dollars."—Nearly all of the officers of the Eleventh Regiment, I am informed, were included in the certificates of the Commissioners."

The communication was ordered to be placed on file.

Mr. Updike of Providence, introduced an act in amendment of Chapter 33—Of the Distraint of Animals going at Large—and moved its substitution for the bill pending before the House. It was so substituted, and then read and passed. The act explains the existing statute to include within its ban animals that may "feed or graze" in the streets or highways.

Mr. Updike also gave notice of an act in amendment of the statute authorizing the city of Providence to restrain cattle going at large.

Mr. Greene, of Warwick, for the Committee on the Judiciary, reported favorably upon the act in amendment of chapter 190 Of Costs, Double Costs &c.—and it was read and passed. Mr. Van Slyck presented the petition of John S. Sayers for relief which was referred to the Committee on Finance.

Mr. Blodgett, of Pawtucket gave notice of an act concerning mortgages of Personal Property.

Mr. Van Slyck introduced a resolution directing the Quartermaster-General to repair the armory of the Providence Artillery which, after some debate was referred to the Committee on Finance.

Mr. D. Clark for the Finance Committee, to which had been referred a resolution relative to a new valuation of the taxable property of the State, reported it back with a recommendation that it be referred to a joint special committee to report at the next May session. The resolution was so referred, and Messrs. Lockwood of Providence county, Wheeler of Kent county, Stevens of Newport county, Saunders of Bristol county, and Weeden of Washington county were appointed as such committee on the part of the House.

Mr. Updike of Providence, reported back from the Committee on Corporations the petition of sundry citizens of Hopkinton and Richmond Turnpike corporation and recommend that the petition be referred to a joint special committee to report in writing at the next May session. The recommendation was adopted and Messrs. Allen of North Kingstown, and Turner of Bristol were appointed the committee on the part of the House.

Mr. Van Slyck moved that the special committee on military claims be discharged from the further consideration of a resolution relative to furnishing to discharged soldiers documents for back pay and pensions; and the committee was so discharged and the resolution was referred to the Committee on Finance.

Mr. Updike of Providence, for the Committee on Corporations reported adversely upon the petition of the West Glocester Turnpike Corporation, for extension of gate limits, and petitioners had leave to withdraw.

Mr. Fiske, of Providence, gave notice of an act in amendment of Chapter 123—Of Weights and Measures.

WING'S FARINA CRACKERS.—There are persons of high respectability who object to a variety of Crackers bearing different names, such as Boston, Congress, Soda, &c., which are excellent of their kinds, but as there are no other crackers manufactured in the United States, containing the peculiar qualities of Wing's, many of these persons purchase Wing's Crackers in order to supply their customers with the true Farina Crackers also.

TO HORSE OWNERS.

## Dr. Sweet's Infallible Liniment

FOR HORSES

Is unrivaled by any, and in all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effect is magical and certain. Harness or Saddle Galls, Scratches, Mange, &c., it will also cure speedily. Spavin and Ringbone may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a *radical cure*. No case of the kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horse to travel with comparative ease.

Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

TO THE PUBLIC.

Having been solicited by Physicians, Druggists, Grocers, and private families to add to my business "Pure Bourbon Whisky, in bottles the same as I am and have been doing with my "Schiedam Schnapps," to seal it with my seal, and add my certificate to the label, of its unadulterated purity, I am happy to say that, after a great deal of difficulty, I have concluded an arrangement with two of the largest and oldest distillers in Kentucky for a regular supply.

The Whisky will be put up in quart bottles, and packed in cases of one dozen each.

We would recommend you to appoint some of the respectable Apothecaries in different parts of the United States as Agents for the sale of your Bourbon Whisky, where the profession can obtain the same, when needed for medicinal purposes.

FROM RICHMOND—CAPTURE OF THE QUEEN OF THE WEST.

NEW YORK, Feb. 25.

The following is from the Richmond *Whig*. Port Hudson, Feb. 17th 1863:

Captain Cannon from Red River brings information of the capture of the Federal steamer Queen of the West at Gordons Landing, fort Taylor on Red River. The Queen of the West captured the Confederate steamer Era No. 5, forced her pilot John Burke to take the wheel and ordered him to take the boat to our batteries.—Burke feigned fear but finally took the wheel under a Yankee guard. Upon nearing the batteries he told the Yankees they were fifteen miles from them immediately putting close in when she received a shot which broke the steam-pipe disabling the boat—the Yankees being totally unprepared for a fight and expecting no danger. Burke jumped overboard and drifted ashore. The boat drifted to the opposite shore when the crew made their escape with the exception of eighteen who fell into our hands. The crew subsequently got on the Yankee boat Desota and with two hundred stolen negroes effected their escape. The Queen of the West is now in the possession of the Confederates and will be towed to a place of safety for repairs. It is reported that the Yankee gunboat Indianapolis has gone up Red River to capture her. The conduct of Burke elicits the highest encomiums. Later intelligence states that the confederate steamer Webb closely pursued and captured the "Era." The Queen of the West is but slightly injured and will be in fighting trim under confederate crews.

We have positive information that the transport Desota was burned by the yankees to prevent her falling into the hands of the confederates.

REBEL OFFICIAL REPORT.

PORT HUDSON, Feb. 18.

The Alexandria La. Democrat here contains the official report of the capture of the Queen of the West by Captain J. Kelso commanding the fortifications on Red River. He says: Two gunboats made their appearance in front of this position at 5 o'clock last evening. After a brisk cannonade the leading gunboat the Queen of the West struck her colors. I immediately ordered Captain Hatson of the Crescent Artillery and Lieut. Delahunty to go on board and demand the surrender. These officers report but thirteen of the officers and crew on board—the others escaped under cover of the night. The visible results of the capture consists of one thirty-two pounder rifle-parrot gun, one twenty-four pounder, three twelve-pounders, one twelve-pounder slightly damaged, besides a large supply of ordnance stores, and a large supply of quinine, two cases of amputating instruments, clothing, flour, bacon, beef, pork, lard, bread, and other stores in proportion. The *Democrat* says the victory was complete, grand and decisive, and we are ready to capture all such craft as Vicksburg allows to pass.

FROM SUFFOLK.

NEW YORK, Feb. 25.

The Suffolk correspondent of the *Herald* of the 23rd, states that a small force near Gatesville yesterday, captured a rebel captain and eight privates belonging to the 57th Virginia Regiment. They had been home on leave of absence, and were returning to their command. The captain had been wounded some three months ago and had not yet recovered. They brought no news. Two citizens were also taken at the same time, charged with the murder of a private connected with the Mounted Rifles, about a week ago. They are in irons at the jail at this post. A small number of animals were also brought in. Everthing is quiet on the Blackwater.

FROM KEY WEST

NEW YORK, Feb. 24.

The steamer Star of the South from Key West 18th arrived at noon. She has as passengers Commander Blake and other officers of the steamer Hatteras. A hundred and two of the crew of bark Sallie Bonsall had arrived safely at Key West with Government stores from the wreck of the ship Planter. This is the vessel reported to have been captured by the rebel pirate. The officers and crew of the Hatteras arrived at Key West on the 15th in the ship Borodino.

FROM BALTIMORE.

BALTIMORE, Feb. 25.

Col. Achley of the 5th Maryland regiment stationed at Point of Rocks has captured ten smugglers on their way from Richmond with the proceeds of their unlawful trade in southern money amounting in the aggregate to over $23,000. Meredith Gilmore of Baltimore county, a brother of Capt. Harry Gilmore of the rebel army who was arrested near this city during the invasion of Maryland last Sept., playing the part of a spy, was also caught while attempting to go south. He admits that he has been in the rebel service 14 months. It is hoped he will not meet with the same leniency as was extended to his brother who although clearly acting the part of a spy was let off to resume his hostility to the government.

FROM THE SOUTH WEST.

**SOLICITOR OF PATENTS.**

*Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)*

No. 76 State St., opposite Kilby st.,

BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries, Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON

Commissioner of Patents.

I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration of the Patent Office.

EDMOND BURKE,

Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents as they may be sure of having the most faithful attention bestowed on their cases and at very reasonable charges."

JOHN TAGGART.

During eight months the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

**DURYEAS' MAIZENA**

Was the only "preparation for food from Indian Corn" that received a medal and honorable mention from the Royal Commissioners, the competition of all prominent manufacturers of "Corn Starch" and "Prepared Corn Flour of this and other countries notwithstanding.

MAIZENA.

The food and luxury of the age, without a single fault. One trial will convince the most skeptical.—Makes Puddings, Cakes, Custards, Blanc Mange, &c., without Isinglass, with few or no eggs, at a cost astonishing the most economical. A slight addition to ordinary Wheat Flour greatly improves Bread and Cake.—It is also excellent for thickening sweet sauces, gravies for fish and meat, soups, &c. For Ice Cream nothing can compare with it. A little boiled in milk will produce a rich cream for coffee, chocolate, tea &c.

Put up in one pound packages with directions.

A most delicious article of food for children and invalids of all ages. For sale by Grocers and Druggists everywhere.

$500 WILL BE FORFEITED BY DR. L. DIX if failing to cure in less time than any other physician, more effectually and permanently, with less restraint from occupation or fear of exposure to all weather, with safe and pleasant medicines.

Their effects and consequences;

SPECIAL AILMENTS AND SITUATIONS

Incident to Married and Single Ladies;

SECRET AND DELICATE DISORDERS;

Mercurial Affections; Eruptions and all Diseases of the Skin; Ulcers of the Nose, Throat and Body; Pimples on the Face; Swellings of the Joints; Nervousness; Constitutional and other Weaknesses in Youth, and the more advanced, at all ages, of

BOTH SEXES, SINGLE OR MARRIED.

DR. L. DIX'S

PRIVATE MEDICAL OFFICE,

**21 Endicott Street, Boston, Mass.,**

Is so arranged that patients never see or hear each other. Recollect the ONLY entrance to his Office is No. 21, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

*boldly asserts* (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

IS THE ONLY REGULAR GRADUATE PHYSICIAN ADVERTISING IN BOSTON.

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

STRANGERS AND TRAVELLERS.

To avoid and escape imposition of Foreign and Native Quacks, *more numerous* in Boston than other large cities,

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and *less* as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines *by the dead*, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than is cured," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, alas! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

**GREAT INDIAN REMEDY**

**FOR FEMALES.**

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose, as it will bring on the *monthly sickness* in cases of obstruction, from any cause, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES

have now been sold

without a *single failure*, when taken as directed, and without the least injury to health *in any case*. It is put up in bottles of three different strengths, with full directions for using, and sent by express, *closely sealed*, to all parts of the country.

PRICES—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.

*Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*

Beware of Imitations! None genuine and warranted unless purchased *directly of Dr. M., or at his office.* Accommodations for Ladies wishing to remain in the city a short time for treatment.

Dr. Mattison's Diuretic Compound,

*For Acute and Chronic Gonorrhea.*

This new remedy contains neither Balsam, Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, grateful to the stomach, cooling, cleansing and healing in its operation and speedily allaying all heat and irritation in the urinary passage. You, therefore, who have been swallowing down *Balsam Copaiva*, either in capsules or mixtures, for months in succession, until with pale face and disordered stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure *you at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2,00.

Dr. Mattison's Anti-Syphilitic Syrup,

*For Constitutional Syphilis.*

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

*It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $150 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator,

*For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss of Reason.*

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which lasts a month, $10; half size, $5.

These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am, therefore, induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded*.

Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES, near No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without any benefit to those who pay it. All this comes from trusting, *without inquiring*, to men who are alike destitute of honor, character or skill, and whose *only* recommendation is their *own* false and extravagant *assertions* in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what his pretensions are*, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with the *most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON as above. d18-ly

A SURE CURE FOR THESE DISTRESSING COMPLAINTS IS NOW MADE KNOWN IN A

"Treatise on Foreign and Native Herbal Preparations."

Published by DR. O. PHELPS BROWN.

The prescription was furnished him in such a providential manner that he cannot conscientiously refuse to make it known, although he never was a believer in Clairvoyance, Spiritualism, Psychyology, &c. This remarkable remedy has cured everybody who has tried it, never failing in a single case. It is equally sure in cases of Fits as of Dyspepsia; and the ingredients may be found in any drug store. Those who are afflicted with Consumption, Bronchitis, or Asthma, may also be cured by the use of my Herbal Preparations, which are charged with electro-magnetic properties, and an *aura* or mesmeric atmosphere is continually emanating from them, in consequence of the *positive* and *negative* repulsion of its atomical electro-magnetical principles, thereby rendering their efficacy truly wonderful in all cases of Lung Complaints. I will send this valuable prescription free to any person on receipt of their name. Address Dr. O. PHELPS BROWN, No. 19 Grand street, Jersey City, N. J.

### Ice Cream, Cake and Confectionery,

No. 74 Spring Street,

HAVING recently improved my Ice Cream Establishment with the best labor-saving machines for freezing Cream, I am now able to meet any demand at the shortest notice, and to furnish Ice Cream of a most superior quality, at a reduced price.

My Confectionery also having given so general satisfaction here for a long time, is unsurpassed by any in the country. Making a fresh supply every day, using none but the purest oils and fresh fruit for flavoring, and allowing no adulterations whatever, I am confident to meet with the same good success in this department of my business as in the others.

A nice assortment of Toys and Fancy Baskets, I shall keep on hand as usual.

Thankfully appreciating past kind patronage, I will endeavor to [illegible] ower to secure a continuance of the same.

A CHALLENGE AND A REWARD.

# $500 REWARD.

I beg leave to inform my friends and the community, that from recent arrangements made by me, I NOW offer the above reward in good faith, which shall be paid in cash to any chemist or physician, of good and responsible standing in the State, who on due analysis and satisfactory evidence, can find anything in the BRANDIES, WINES, GINS, &c., &c., NOW for sale by me as pure, other than is found in all PURE, GENUINE and UNADULTERATED ARTICLES.

Knowing, from experience, that our citizens in general labor under the impression, with good cause, that pure liquors cannot be had, I, after much pains, studious investigation, and from the reliable source with whom I NOW contract for my supplies in these articles, do stake my reputation as a man, my integrity as a merchant, that if the liquors NOW sold by me as pure "are not so," then none can be had from the vineyards in France, or from any part of the world. As a proof of my sincerity, I challenge chemical contradiction, and invite all to come and test for themselves, when they will learn that NOW, "if never before," pure liquors can be purchased in Newport, by bottle or measure, for medicinal or family purposes, and as cheap as in any other place in these United States.

WM. ALDERSON, Newport, R. I.

N. B.—The main inducement for all to give me a call is, that my figure for the genuine article is rather less than more, than is NOW charged for the handsome labeled bottled compounds so extensively sold all over country. Mch 20 ly

*CURE THAT COUGH OF YOURS.*

MADAME ZADOC PORTER'S

# GREAT COUGH REMEDY.

MADAME ZADOC PORTER'S Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the Throat and Lungs.

MADAME ZADOC PORTER'S BALSAM is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S BALSAM has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT.—MADAME ZADOC PORTER'S Curative Balsam is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!!!—Do not be persuaded to purchase articles at 4s. to $1, which do not contain the virtues of a 13 ct. Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other. Ask for Madame Porter's Curative Balsam, price 13 cts., and in large bottles at 25 cts., and take no other. If you cannot get it at one store you can at another.

Sold by all Druggists and Storekeepers at 13 cts. and in larger bottles at 25 cts.
